

## INCORPORATORS SHOWING HOW MANY CORPORATIONS (NO XPRO) THEY INCORPORATED SINCE 2010

**Note:** these are text fields without a unique identifier. There will likely to be challenges reliably matching up names.

**Identity Verification:** On November 2019 BC Registries started requesting the BC Services Card as an authentication credential for users of the Registry Applications, starting with Cooperative Associations and followed by Benefit Companies. Over the next couple of years, it will be a requirement that all users are authenticated, regardless of the entity type. This will be a significant step to preserve the integrity of the registries.
